

MH In-Touch

MH In-Touch?

MH (Mental Health) In-Touch is a new network that will meet periodically to discuss how to best assist people living with a mental illness to access education, training or employment. MH In-Touch aims to link mental health service providers with education and training providers and employment agencies. It will provide a chance to share what is happening, hear about new initiatives and meet others.

Meeting Focus

Should people living with a mental illness disclose this to their boss, teacher or trainer?

This **FREE** networking session, includes drinks and nibbles as well as a **panel debate**.

Come and listen to the debate and decide what you think.

Debate panel to be confirmed – but be prepared to be challenged through insightful discussion.

WHEN: 2.30 – 4.30 pm
Tuesday 1 December 2009

VENUE: Cadbury Room, A Block
(through Staff Amenities Room, Level 1)
Hobart Polytechnic Campus, Mt Nelson
