Phase 2 Here We Come ...

Yes Phase 2 is on its way - well almost on its way. Final dates and locations for forum meetings for Phase 2 have been made and are listed overleaf. It's a tight schedule but after the fantastic efforts and responses we received during Phase 1, there is little doubt that Phase 2 will run smoothly and will enable us to get your responses.

So what's it all about? Phase 2 will comprise the Project Team holding forums which will explain the Discussion Paper and then getting your responses to 11 questions. It will be necessary to read the Discussion Paper prior to answering the 11 questions ...

Similarly to Phase 1, we will have a questionnaire for you to complete. The questionnaire will be available with the Discussion Paper, on-line, at Phase 2 forums or from any Project Team member.

The Discussion Paper has been drafted and will be presented to the Department of Health and Ageing and the Expert Reference Committee on 4 November and then out to you by the end of the second week of November.

: Are You On Our List ...

During Phase 1 forums we asked people to fill out an attendance form with your postal and or email details. This was in order for us to be able to quickly (and hopefully efficiently) forward information to you about the project e.g. the Phase 2 Discussion Paper. If you are unsure or know you're not on our list, please contact us and we'll ensure you are! Likewise, if you know someone who didn't attend the forums but would like a copy, please let us know.

Art & Poetry Competition ...

Congratulations to Lisa Bell for her poem entitled 'Rights Free Peak Body' which won last month. Lisa's poem and other competition contributions can be found on our website. %

Don't forget that the competition is still running so get to it!! Details and further information about the competition is on the website.

.. Reading Corner ...

The Reading Corner on our website is where you'll find brief papers to help you think your way through some of the questions and issues we need to address during Phase 2. If you'd like a hard copy of any of these papers please let us know and we'll get a copy out to you.

Ñ Along the Way ...

It seems like ages ago now but the Sydney dust storm stranded the Project Team at Brisbane airport from 6.00am with 2 cancelled flights, 1 damaged plane, massive delays and then an 8.30pm arrival in Sydney. Apologies to everyone who was inconvenienced by our delay and thank you for your patience and understanding.

@ Assistance ...

Please contact any member of the Project Team in person or by phone for assistance, or email us and we'll get back to you about any issues, problems or worries you might have about Phase 2 of the project.
