

Yep, the Discussion Paper is officially 'out there' - if you haven't already received your copy (by snail mail or email) access our website and download a copy or contact us and we'll ensure that you receive a copy:

www.CrazeLateralSolutions.com

Dates and locations for forum meetings for Phase 2 have been finalised and are listed on our website and in this newsletter.

Phase 2 will comprise the Project Team holding forums to explain and discuss the Discussion Paper and we will have a questionnaire for your contribution. Compilation of the questionnaires and your contributions and comments on the discussion paper during the forums will form the final report recommendations for comments in February.

: Are You On Our List?

If haven't received any documentation or emails from the Project Team (especially the Discussion Paper) it may be because you're not on our mailing list or maybe you'd like to add someone to our mailing list. Contact us and give us your details or their details and we'll gladly add you or them to our mailing / emailing list.

Don't miss out on your opportunity to have your say.

ñ On the Road Again ...

As the Project Team begins the road and air journey for Phase 2, we thought you might like to re-meet the team and we can introduce another member of our team who will be joining us during Phase 2 - Doug Mitchell ...

YDoug

Doug has been working on the Scoping Project for a while now behind the scenes organising, plotting and planning. Claire won't be joining us in the field on Phase 2 but her laughter and great heart will be sorely missed on every flight, queue, shop, forum and in every taxi ...
