Coalition of Community Service Peaks

Prioritise all Tasmanians

Open letter to the Tasmanian Premier and Treasurer

We are Tasmanians from every corner of the state — workers, volunteers, families, carers, educators, neighbours and community members — adding our names to this letter and our voices to an urgent call for you to 'Prioritise all Tasmanians' because we are deeply concerned about the future of our community services.

Many of us work in the community services industry. Many of us volunteer our time. Many of us rely on these essential services or know how easily we might one day need them ourselves. Together, we are speaking with one voice to say do not underfund the community services that tens of thousands of Tasmanians rely on every day, and which are now at breaking point.

All decisions have consequences. The choices made in May's Budget will determine whether Tasmanians receive help early or fall into preventable crisis.
In a time of growing uncertainty, Tasmania needs a secure, stable and well-resourced community services industry more than ever. We call on the Government to demonstrate that every Tasmanian matters.

To show your support, please sign the open letter to the Premier and Treasurer and join us in calling on the Government to 'Prioritise all Tasmanians.'

Yours sincerely,
Tasmanians who believe in strong community services
